

DEWAR CEMETERY

INDEX OF ALL NAMES LISTED

Surnames are in capitals. Women known (from information on the stones) to have been married are listed once under the husband's name, with the maiden name (if known) in capitals at the end, and again under the maiden name, with the husband's name in capitals and in brackets at the end. Mac and Mc are not distinguished from MAC and MC because of frequent uncertainty of the stone reading, and they are listed after M with Mc after Mac. Persons shown on the stone with a birth date but as yet no death date are marked with *. This does not, of course, imply that they were necessarily alive at the time of recording. Listing is by stone row and number.
